PROFESSIONAL EXPERIENCE

Senior Software Developer | ICF International | Reston, VA | January 2022 – June 2025

- Led multiple cross-functional scrum teams delivering cloud-native microservices and frontend platforms supporting national U.S. Forest Service systems, aligning execution with long-term architectural and business objectives.
- Partnered with product owners and architects to define technical roadmaps and prioritize multi-team modernization initiatives across mission-critical platforms.
- Architected and launched a multi-agency Special Projects Database, eliminating 7,000+ annual manual submissions and reducing operational approval timelines by 40 percent.
- Designed and governed secure service architectures using OAuth2, JWT, and SSO-based authentication to ensure compliance, platform consistency, and system resilience.
- Owned platform reliability and operational readiness by establishing monitoring, incident response workflows, and post-incident RCA processes that improved uptime and deployment confidence.
- Mentored and coached engineers across frontend, backend, and cloud domains, driving technical growth, promotion readiness, and onboarding efficiency through structured training programs.
- Led Angular, PWA, and cloud enablement initiatives across 4+ teams, improving engineering standards and technical consistency at the organizational level.
- Played a key role in scaling engineering teams by conducting technical interviews, influencing hiring decisions, and defining evaluation standards for developers, architects, and DevOps engineers.
- Established CI/CD standards and deployment pipelines across services, reducing release risk and improving delivery cadence across distributed teams.

Software Developer | Creative Systems and Consulting LLC | Reston, VA | October 2019 – December 2021

- Designed and delivered scalable web platforms and dashboards supporting federal business operations, improving frontend performance by 25 percent and enhancing user experience across high-traffic systems.
- Collaborated with product stakeholders and UX teams to translate business requirements into maintainable, extensible frontend and backend architectures.
- Contributed to engineering quality standards through code reviews, architecture discussions, and technical mentorship.
- Supported hiring initiatives by serving as a senior technical interviewer for full-stack and cloud engineering roles.

Full Stack Developer | MJobTime Corporation | Beaumont, TX | January 2019 – October 2019

- Delivered modular frontend and backend systems supporting workforce management and HR platforms, improving customer satisfaction and operational efficiency.
- Designed algorithm-driven time tracking and incident workflows that reduced issue resolution time by 30 percent.
- Collaborated with leadership to improve system reliability and usability through platform refactoring and performance optimization.

Software Developer | MJobTime Corporation | Beaumont, TX | February 2018 – August 2018

- Built real-time labor tracking features supporting multi-time-zone accuracy and high-volume transactional systems.
- Modernized HR workflows by redesigning employee management modules for improved scalability and maintainability.

Software Developer | Innovera LLC | Surat, Gujarat, India | January 2016 – May 2016

Software Developer | Larsen and Toubro Heavy Engineering | Surat, Gujarat, India | July 2014 – December 2015

SKILLSET

- **Languages:** C#, Java, Python, JavaScript
- **Frameworks:** .NET Core, Spring, Angular 8+, Node.js
- **Databases:** SQL Server, MySQL, Sybase
- **Cloud & DevOps:** Azure, AWS, Jenkins, CI/CD, Git
- **Security:** OAuth, JWT, IAM, Secure Coding (OWASP, CVE), HTTPS
- **Practices:** OOPs, Microservices, API Design, Architecture Reviews, Code Reviews
- **Collaboration:** Agile delivery, Mentorship, Clear communication, Problem-solving
- **AI Adaptability:** Rapid prototyping with LLMs, AI-assisted development workflows

CERTIFICATIONS

- Microsoft Certified: Azure Solutions Architect Expert (2025)
- AWS Solutions Architect – Associate (2023)
- CompTIA Security+ (in-progress)
- W3Schools JavaScript Certification (2020)

EDUCATION

- **Master of Science in Computer Science**
Lamar University | Beaumont, TX | August 2016 – December 2018
- **Bachelor of Technology in Computer Engineering**
Sardar Vallabhbhai National Institute of Technology | Surat, Gujarat, India | August 2010 – May 2014
